

## **CLEVIS GRAB HOOKS**

**Category**      Transport articles

### **DESCRIPTION**

Clevis grab hooks, in grade 70, are designed for tie-down applications, not for lifting. Used with chain slings, they allow chain shortening without cutting. Ideal for industrial transport applications, it is crucial to use a chain of the same grade as the hook.

### **Material**

Forged steel, quenched and tempered - Gold chromate - Grade 70
